

[FOR IMMEDIATE RELEASE]

## **Union Medical Healthcare participates in COVID-19 vaccination program**

(4 March 2021, Hong Kong) **Union Medical Healthcare Limited** (“Union Medical Healthcare” or the “Company”, which together with its subsidiaries is referred to as the “Group”, SEHK stock code: 2138), the largest non-hospital medical group in Hong Kong\*, is pleased to announce that the Company participates in the Hong Kong Government’s COVID-19 vaccination program to fight against the epidemic with the residents.

Thirteen exclusive registered practitioners of the Group have registered to participate in the Hong Kong Government’s COVID-19 vaccination programme. The approved Sinovac Biotech “CoronaVac” vaccines injection will be provided to the five priority groups at the Group’s medical centers among (locations) in Hong Kong. The Group possesses the Hong Kong Government’s “Measles Vaccination Mop-up Programme” and “Seasonal Influenza Vaccine Subsidy Programme” vaccination experiences, professional personnel and equipment. The Group will actively cooperate with the Hong Kong Government in the implementation of the new COVID-19 vaccination service by leveraging its advanced medical professionalism, high-end medical environmental conditions and leading information technology infrastructure.

**Mr. Eddy Tang, Chairman, Executive Director and Chief Executive Officer of Union Medical Healthcare** said, “Since the COVID-19 pandemic began in Hong Kong, the Group has been sticking to our posts, actively pursuing social responsibilities, and using our medical expertise as well as staying at the forefront of the fight against the epidemic. To cater for public health and cross-border customs clearance needs, the Group has been providing different COVID-19 testing related services, including but not limited to laboratory testing programs for the government, testing kit express services and electronic supporting reports. The Group has been offering remote consultation services (telemedicine) to satisfy the demands in chronically ill patients for regular checkups to reduce of cross infection. The Group will maintain close communication with the Hong Kong Government and the industry, and continue to actively fight the epidemic with the public.”

### **Five priority groups include:**

1. Persons aged 60 years or above (a maximum of two carers who accompany elderly people aged 70 or above can also receive vaccination);
2. Personnel in healthcare settings and those participating in anti-epidemic related work;
3. Residents and staff of residential care homes for the elderly/persons with disabilities;
4. Personnel maintaining critical public services; and
5. Personnel performing cross-boundary related work.
