Union Medical Healthcare’s sales contracts surged by no less than 40% in FY2017/18

(11 April 2018, Hong Kong) **Union Medical Healthcare Limited** (“Union Medical Healthcare” or the “Company”; together with its subsidiaries, the “Group”, SEHK stock code: 2138), a leading professional medical and medical aesthetic service provider in Hong Kong, announced that based on the latest assessment by the Board with reference to the preliminary unaudited consolidated management accounts of the Group currently available, the Group expects to record an increase of no less than 40% in total sales contracts for the year ended 31 March 2018 as compared with last year, which was mainly attributable to the Group’s elevated quality of medical services and its expansion of service mix, leading to an increase in customer spending, in particular those of PRC customers.

Mr. Eddy Tang, Chairman, Executive Director and Chief Executive Officer of Union Medical Healthcare said, “Union Medical Healthcare has been enhancing its medical services to professional standards. The Group’s outstanding sales performance is a testament to the effectiveness of its business diversification strategy, which adds impetus to its future growth. Riding on the Chinese government’s policy to develop the greater bay area, rigid demand for Hong Kong’s professional medical services would be tremendous.”
